The days go by and I'm still alive  
Lost inside but I will arrive  
And I'm starting to fall  
Can't escape from it all  
It's better to go down easy  
When I'm stuck in this spin  
Look at the shape that I'm in  
It's pulling me down  
But I'm enjoying the view  
So lift up now if you're all alone  
Better start or you'll never know  
Time goes by in a flash  
If you're staring to crash  
It's better to go down easy  
In a circular dive  
When I finally arrive  
It's taking me down

In time when you change the game  
(And hold yourself up to the light)  
It's past and you're all alone  
(But I will be here till the end)  
And I'll lead you home  
(If you can see it through my friend)  
Now we're caught in this slide  
Seems like one hell of a ride  
Taking me down, so easy  
When I finally rise  
And I open my eyes  
Looking around  
And I'm enjoying the view...
