I'm gonna raise the Titanic
Sail across the Atlantic
And this time it ain't gonna sink

I'm gonna sit here in this chair
With this beer and declare
It's that last one that I'll ever drink

Buy a pair of dinosaur skin boots
Take a walk 'cross the moon
That's what I'm gonna do

I can do that with no sweat
You can bet it's a sure bet
I'm telling the God's honest truth

But I can't undo what I did
Or unsay what I said
Or unbreak what I broke in you
'Cause there's just a few things
Impossible to do

I'm gonna do some soul searching
Put my mind a-working
On fixing the hurting I've done

Drop down into first gear
Jump clean into next year
By then you'll be back or still gone

Ride in on a rainbow
Land outside your window
Yeah, that's what I'm gonna do

I can do that with no sweat
You can bet it's a sure bet
I'm telling the God's honest truth

But I can't undo what I did
Or unsay what I said
Or unbreak what I broke in you
'Cause there's just a few things

Impossible to do

I can't undo what I did
Or unsay what I said
Or unbreak what I broke in you
'Cause there's just a few things
Impossible to do

You know, me and the good Lord are old friends, that's
a fact
Some nights I'll get down on my knees and ask if he'll
bring you back
And he'll look down at me and say

"Now Anthony, there's a few things
Just a few things that's impossible to do
Now one of these days I'm gonna be coming back but
she never will
You understand son?", I say, "Yeah Lord"

Some things are impossible to do
And that's the God's honest truth
