Currents on an endless sea
What I wanna carry me
Up above this silent scene
What's unseen I will rise and see

Severed and free
Believe what you wanna believe
Step into the

Air said to me
Turn out to be what you'd never be
Air said to me
Turn out to be what you'd never be

Lights out on the final scene
Turning in the summer breeze
While crooked fingers point at me
In lifts and dives, I will rise and leave

Severed and free
Leave what you wanna leave
Escape into the

Air said to me
Turn out to be what you'd never be
Air said to me
Turn out to be what you'd never be

Air said to me
Turn out to be what you'd never be
Air said to me
Turn out to be what you'd never be

Sweet sparks
Open and surrounding
Blue waves
Open and surrounding

Blue waves
Open and surrounding
Sweet sparks
Open and surrounding

Blue waves
Turn and taste the

Air said to me
Turn out to be what you'd never be
Air said to me
Turn out to be what you'd never be

Air said to me
Turn out to be what you'd never be
Air said to me
Turn out to be what you'd never be
