The Cabo Wabo is everywhere.  
It's on my skin and in my hair.  
And Louise, I think I'm falling for you.

Might go down easy,  
this is my Cayman review.

I don't know how you did the rest  
of the sixteen men on a dead man's chest.  
Add Louise, I can't seem to get enough of you.

Might go down easy,  
this is my Cayman review.

I'm feeling kind of funny  
I think I'm sinkin' down.  
My head it starts a spinnin'  
as I tumble to the ground  
thinkin' I spent all my money  
just a chasin' you around.  
Louise.

I know that you've got it  
and you know what it's for.  
Cause when you get to shakin'  
and you shake a little more  
Shake me up, shake me down,  
shakin' that thing all over town.

Shake me up, shake me down,  
shakin' that thing all over town.

The Don Eduardo is everywhere.  
It's on my skin and in my hair.  
And Louise, I think I'm falling for you.

Might go down easy,  
this is my Cayman review.
