[Spoken:]

You know

Baby sometimes you don't miss your water until your well runs dry

See you can lead a horse to water but you can't make him drink

You can give a man your heart and soul but you can't make him think

But now I see you're not only a part of my heart, you're a part of me

Listen

I'm having a hard time

Trying to get you off my mind The truth is I'm still in love with you, yeah

Gotta get on with my life

Let your memory go

But I find that it's easier said than done

You see babe

I can't let go, no no no

Just can't let go (just can't let go)

[Chorus:]

It might take a thousand years or maybe more

Just to find someone else that I adore

You know that baby you mean so much to me

All I have are broken memories

A lifetime ain't long enough

To erase the feelings of your touch

It's sad to think I'm still not over you

Listen

No other sound, babe, is

Quite as sweet as your name

When I think that it's over

I start to cry over again

(Baby)

It was pride on my lips

But believe it was not in my heart
Come see upon me baby
We could have a brand new start

Cause I can't let go, no no no
You see baby I
I just can't let show (just can't let go)

[Chorus]

Duh dub duh (duh dub duh)
Baby, Baby, Baby
Duh dub duh (duh dub duh)

See I can't let go, no no no
You see baby that I
Just can't let go, can't let go

[Chorus: til fade]
