Here waiting at the table
As soon as you are able
Put it in your pocket

Please keep it in a locket
Beautiful and nameless
Waiting for a label

My words to Wanda seem to say

Please keep it in a locket
Now that I have told them
Carefully unfold them

Dreams quietly unfolding
All that I can pray for
How I wanna hold you

'Cause here waiting at the table
Everything I save for
To finally have told them

My words to Wanda seem to say
My words to Wanda seem to say
My words to Wanda seem to say
My words to Wanda seem to say

My words to Wanda seem to say
My words to Wanda seem to say
