Mmmh, well, well
We've come so far
From where we started from
Seems by now we've learned
What's with all
The talk of guns and bombs
Most people's trust is earned, yeah
Babies dying in the name of war
The masses cry for peace
Money's sovereign in religious land
Watching blasphemy increase

Chorus:
Somebody teach me
Somebody tell me if I'm wrong
Somebody be honest
Cause truth is hard to come along
Is it gonna be alright
Or can the love in man
Be found, knowing
It all comes back around

Who are we gonna turn to
When there's nowhere left to turn
There are too many hurting
And too many unconcerned
Mmh
The time has come
To heed the helpless cries
Of the voices in despair
Hear the mourning deep
Within the hopeless life
Waiting for someone who cares

So somebody teach me
Somebody tell me if I'm wrong
Somebody be honest
Cause truth is hard to come along
Is it gonna be alright
Or can the love in man
Be found, knowing

It all comes back around, yeah, yeah
It all comes back around, yeah, yeah
Can we bring love back around my people

Ooh
