The show is over
And it's time to go
We both discovered things we'd
Never know
So I'm thankful as
I face the long dusty road
'Cause it's obvious love don't live here anymore (baby)
The sound of freedom's ringing in your ear
So enlightening that it's all I hear
But I still remember the smile that once said hello
You used to greet me at your door
But baby since we're both adults

[Chorus 1:]

I want you to know that you're a friend of mine
You can call my name, sugarpie
Come rain or come shine
Holding on when love has gone would be a crime
But if you're lonely I'll stop by and see you sometime

Oohh, mmmh, uuuh, hey, oooh

And if you ever find
That you're feeling down
Take a moment to call me
Girl I'll come around
'Cause no matter where you are that's where I'm willing
to be
I truly hope that you'll find peace even though it's not
with me

[Chorus 2:]

I hope you know that you're a friend of mine
You can call my name, sugarpie
Come rain or come shine
Holding on when love has gone would be a crime
But if you're lonely I'll stop by and see you sometime

[Chorus 1: til fade]
