Picture us running this whole thing back
I'm just trying to relive the best night I ever had
I keep thinking
All of the touches, kisses, and screams
Can not be recreated oh my god we did some things

I'm holding on to you, it's so true
And do you know that night meant everything
But if I had to redo that noon
I would of tivoed everything

I wish that I could rewind that
Throw me on the be, oh touch me right there, grab me
by my waist
I wish that I could rewind that
Lying next to me, loving me to sleep, I can hardly wait
I wish that I can rewind
Reminisce about the things we do (do)
Ain't nobody that can handle me like you (you)
Love so good, wish we could of taped that
So we could replay that, wish I could rewind that
(I wish I could rewind that)

Just like the first time I saw your face
I remember how you were, what you were on that day
So all I'm saying, some memories can't be replaced
That's why I can't let go of that night, it's history

I'll hold on to you, so true
And do you know that night meant everything
But if I had to redo that noon
I would of tivoed everything

I wish that I could rewind that
Throw me on the be, oh touch me right there, grab me
by my waist
I wish that I could rewind that
Lying next to me, loving me to sleep, I can hardly wait
I wish that I can rewind
Reminisce about the things we do (do)
Ain't nobody that can handle me like you (you)

Love so good, wish we could of taped that
So we could replay that, wish I could rewind that
(I wish I could rewind that)

Now if I lose this love then that won't change a part of
me
I'll never try to recreate again
So I just play it over and over again about it in my mind
There's no second time for this

I wanna rewind it
I just wanna relive that one night
I wanna rewind it
But I don't wanna mess it up if we try
So I'm not even goin to chase it
I wanna replay it, I wanna rewind it

I wish that I could rewind that
Throw me on the be, oh touch me right there, grab me
by my waist
I wish that I could rewind that
Lying next to me, loving me to sleep, I can hardly wait
I wish that I can rewind
Reminisce about the things we do (do)
Ain't nobody that can handle me like you (you)
Love so good, wish we could of taped that
So we could replay that, wish I could rewind that
(I wish I could rewind that)
