Hello it's the first time I see you up in this club
And one thing on my mind I am thinking off
I know you are a lady and I can respect it
But I .. the thought of you naked
And I just wanna turn you out
I just wanna break you down
Baby I just wanna put on you
Don't wanna seem like I am being dramatic
I am like a drug I am like an addict
I just got to have you girl

Chorus

.. top model
With a .. body
The fun of the party
Girl you are my hot hot ,
The girl I wanna marry
I just wanna give it to you
Turn the lights off (repeats)
It's just and me alone
And our favorite song
Turn them off
Turn the lights off (repeats)
It's just and me alone
And our favorite song
Turn them off

Hey girl I wanna make the love scene episode
And you can play the leading role
No cast and extra city
Tell me what you want ..
I just want to turn you out
I just wanna break you down
Baby I just wanna put on you
Come on girl give me the digits
The one that you look I can tell

Chorus

Try to get you on

Kiss on the flash
S to the EX that's what we are doing next
I wanna lay your body down on my soft sheets

Turn the lights off (repeats)
It's just and me alone
And our favorite song
Turn them off
Turn the lights off (repeats)

Thanks to feel
