Like sounds pouring through the hourglass
Many hands have felt your sorry ass

Bitch im gonna leave ya for the buzzardssome for the
vultures

I see the vulture way up in the sky
Swooping down baby to peck out yer eye

Leave her you for the buzzards, im gonna leave ya for
a buzzard
It's in my culture to get your eye pecked by vulture

Gonna leave her for the buzzards
Leave ya for the buzzards

When will she hurry up and die?
I wanna see a buzzard peck out her eye

I'm gonna leave her for the buzzards
Gonna leave her for the scavengers
Pecking at her flesh, eating her up
Fie old bag, it's your time to die

Gonna leave ya for the buzzards
Gonna leave ya for the buzzards bitch
Gonna leave ya for the buzzards
Gonna leave ya for the buzzards
