Everyone has AIDs!
AIDs AIDs AIDs!
AIDs AIDs AIDs AIDs AIDs AIDs!
Everyone has AIDs!

And so this is the end of our story
And everyone is dead from AIDs
It took from me my best friend
My only true pal
My only bright star (He died of AIDs)

Well I'm gonna march on Washington
Lead the fight and charge the brigades
There's a hero inside of all of us
I'll make them see everyone has AIDS
My father (AIDs!)
My sister (AIDs!)
My uncle and my cousin and her best friend (AIDS AIDS
AIDS!)
The gays and the straights
And the whites and the spades

Everyone has AIDs!
My grandma and my dog o' blue (AIDs AIDs AIDs)
The pope has got it and so do you (AIDS AIDS AIDS AIDS
AIDS)
C'mon everybody we got quilting to do (AIDS AIDS AIDS
AIDS AIDS)
We gotta break down these baricades, everyone has
AIDS! x 20
