On the eve of a Christmas night-
(CHORUS :) A Christmas night, a Christmas night,
The angels sing in unison-
(CHORUS :) In unison, in unison,
Flapping their bright lavender wings-
(CHORUS :) Lavender wings, lavender wings;
Golden halos light up the sky-
(CHORUS :) Light up the sky, light up the sky.

Mistletoes hang onto branches-
(CHORUS :) Onto branches, onto branches;
Berries dangle in crimson joy-
(CHORUS :) In crimson joy, in crimson joy;
Tiny flakes fill the air with white-
(CHORUS :) The air with white, the air with white,
Silently, they land upon ground-
(CHORUS :) Land upon ground, land upon ground.

In my heart, the jingle of harps-
(CHORUS :) Jingle of harps, jingle of harps;
It wakes all my tiny rubies-
(CHORUS :) Tiny rubies, tiny rubies.
I feel happy like a young dove-
(CHORUS :) Like a young dove, like a young dove,
Tasting the white jades of Yuletide-
(CHORUS :) Jades of Yuletide, jades of Yule tide.
