I wanna feel the chill of summer love Turn back the time and turn it up Bask in the night and refill our cup

Ride with me, collide with me We won't miss a beat This time we'll do it right Take it to the highest heights

We had a lot of learning to do

If its not too much to ask
I'd risk it all for another chance at you

That's why I know we got to

Jump back
Baby don't you know we got to
(Jump, jump, back, back, back, back)
Jump back
Baby don't you know we got to

Ever since we fell apart I haven't been the same, my heart feels out of frame Let's go back to the start, so baby

Ride with me, collide with me We won't miss a beat This time let's do it right Take it to the highest heights

World had a lot of turning to do

If its not too much to ask
I'd risk it all for just one more chance at you
That's why I know we got to

Jump back
Baby don't you know we got to
(Jump, jump, back, back, back, back)
