Flash of light
A dream of me and you
That shakes me awake at night
'Cause i know
That this dream won't come true
And it's all because of
Viewers like you

Everyone wants a glimpse, in a sea of cynics
Just standing around, wishing for it
But you can't wait for lightning to strike
No, you don't need a work permit
To work up on this shit

Baby, don't you know everyone wants to change their
world
But how you gonna do that warming the bench
In my new pumps dancing all alone
And you still haven't moved an inch

Flash of light
A dream of me and you
That shakes me awake at night
'Cause i know
That this dream won't come true
And it's all because of
Viewers like you

So take my hand, stop wasting time
Acting like someone's trying to hit you up on your
phone
'Cause I need you now
Eyes closed
Can you keep me awake tonight?

You're the smoke and I'm the fire
Let's watch it burn tonight
Far above the city lights

Baby, don't you know everyone wants to change their
world

But how you gonna do that warming the bench
In my new pumps dancing all alone
And you still haven't moved an inch

Flash of light
A dream of me and you
That shakes me awake at night
'Cause i know
That this dream won't come true
And it's all because of
Viewers like you
