I'll catch a star and I'll send it back down to you  
â€”I'll say what you want me to  
â€”just know that I want you

Lori, what if you were in love with me,  
â€”and we'd spend our days on the beach,  
our clothes in the sand  
â€”Lori, are you calling me crazy?  
â€”If you are then I'll tell you one thing,  
â€”I'm crazy about you

Softer lips than yours have touched mine,  
â€”but I'm still here remembering how  
â€”you looked last night, oh how you looked last night  
â€”Sweeter tongues than yours I've tasted,  
â€”but I'm still here remembering how  
â€”we kissed last night, how we kissed last night

Lori, oh i hope you can see,  
â€”everything that is in between  
the touch that we had  
â€”Lori, can you feel the chemistry,  
â€”just take a leap girl and fall right in,  
â€”right into my arms  
Softer lips than yours have touched mine,  
â€”but I'm still here remembering how  
â€”you looked last night,  
â€”oh, how you looked last night  
â€”Sweeter tongues than yours I've tasted,  
â€”but I'm still here remembering how  
â€”we kissed last night,  
â€”how we kissed last night

And you know just what I am, oh what I am  
â€”and I know you see it's true  
â€”and now I wish you would hold me like i know I  
would  
â€”if i were holding you

Softer lips than yours have touched mine,  
â€”but I'm still here remembering how

â€”you looked last night,  
â€”oh, how you looked last night  
Softer lips than yours have touched mine,  
â€”but I'm still here remembering how  
â€”you looked last night,  
â€”oh, how you looked last night  
â€”Sweeter tongues than yours I've tasted,  
â€”but I'm still here remembering how  
â€”we kissed last night,  
â€”how we kissed last night
