Send him out to Hudson Bay
She won a law what a mess, on a horror day
Bringing black a matter

Sent for long, you're tried for rape
In a win beyond my eyes
Summer holiday
You're winding right back

Far beyond the time to date
This crime intent you don't want
Black on time again
Bringing black down common

Seen denied your love today
It's empty gone are the waves
On your back again
You bring back home

Rosanna, Rosanna
In arrest room on my own
[repeat]

Send him out to Hudson Bay
She won a law what a mess, on a horror day
Bringing black down matter

Sent for long, you're tried for rape
In a win beyond their eyes
Summer holiday
They're winding right back

Rosanna, Rosanna
In arrest room on my own
[repeat]
