In the morning I will see it  
I can feel it on a dimmer time  
Heal the fighting with a flower  
Keep it honest or you'll bring it down  
See I'm walking and I'm talking  
In a rhythm that will see you dance  
Shake it lightly with a freedom and a rhythm  
That will bring it out

'Cause you're not defined yet  
'Cause you're not divided

Till I want it, I don't see it, I don't feel it  
I don't breathe a dime  
Kill the luck and don't conceal it  
Either bring it or I'll see you dive  
Days you're left were on my right are over  
'Cause I'm that inner rock, I'm a teacher  
Never slipped up, in or out

'Cause you're not defined yet  
No you're not divided

Work, I dissect in all good time  
In a world I am one up on you, how?

Till I want it, I don't see it, I don't feel it  
I don't breathe a dime  
Kill the luck and don't conceal it  
Either bring it or I'll see you dive

'Cause you're not defined yet  
'Cause you're not divided

In a world, I dissect in all good time  
In a world, I am one up on you, how?  
In a world, I will crawl upon you now
