"My Own"

Me, I'm past hell
Back from the dark on my own
Well I'm destined back down
Beyond the black hole, my home

Before God's break stone
We either make, or die young
I'm one
Chase dawn back down
Beyond the fate of my own

Do your spark, beyond my door back home
Do your spark, beyond my door back home

Me, I'm past hell
Back from the dark on my own
Well I'm destined back down
Beyond the black hole, my home

Before God's break stone
We either make, or die young
I'm one
Chase dawn back down
Beyond the fate of my own

Do your spark, beyond my door back home
Do your spark, beyond my door back home
