that is it - last time i am stupid enough
to take that - i corrupt your fucking world
it ain't like no phat motherfucker's gonna listen to me
anyway
you know i'm only around here for a couple more years
yo - if i am really lucky now
last fucking time i was stupid fucking enough
to take that money - i'm gonna rock your fucking world
i demand my payment in cash
i do services only i appreciate
you can give me your bullets and all i want is my money
never again
i learned my lesson
