[Chorus]

Baby come around
Darling come around
All the while girl, let me give you I loving
Let me give you I loving

Girl I've been loyal without your request
My mind is humble I never boast my chest
My words are few unto the others
It's only you I wish to lay under
So come come around this corner stone where I stand
Cause I choose the life of a humble man, be content
Girl I'm wailing and praying for you to hear my call
I'm waiting in vain for you to come along so

[Chorus]

Baby come around
Darling come around
All the while girl, let me give you I love all my love girl
Let me give you my love

I wanna get high with you (high with you)
I wanna spend life with you (life with you)
So tell me everything (everything) that's on your mind,
miiiiinnnddd
I love your voice when your talking, especially singing
I love your eyes when your staring at me
I love your lips when your talking and when their
touching mine
You make feel so good to be I
Hate to see you go, But I love watching you walk away
Promise me baby you'll be back to stay
Por que estoy ancioso por volverte a ver
So I can run my fingers through your hair
Never wanna say goodbye to you
Never ever wanna cry with you
Never wanna hear lie from you
Never wanna say goodbye to youuu
Whoa oh oh oh oh

[Chorus]

Baby come around

Darling come around
All the while girl, let me give you I loving
Let me give you I loving

Baby come around
Darling come around
All the while girl, let me give you I loving
Let me give you I loving
