Didn't know what I singing but my mothers' always right

Didn't think someone have a strong impact on my life

This music it gets I and I in such a natural high

(chorus)

Now a days we a work we a work
we a work to spread Jah word(2x)

Cause in a this a life we have to strive all the time
strive to do good works and achieve this at mind
Spreading the word in a positive vibe
Educate the youth and tell them no lie

Play the music of Jah, in the harvest time
Come with sweet melodies, to ease your mind(2x)

Ooooh, Ooooh, Yeah

(verse 2)

Now I'm 21 still working, never, never got the education
Never want to be a stock on a shelf, wanted to be my

It in a world living in hell, you see you can't do very well
So a man keep my mind focused and uprised it's worth
my while
