Run away girl, run away girl
Never say, don't say a word
Yes, I've been alone
Yes, I've been alone
No I can't, I can't take you home, uh

Step one, get a drink and sit down
At the bar back in the corner
Where the music is loud
Its all wrong, but
It's the best that I'll get
This is a night I won't remember
It's a night I forgot

Whoa ohh ohh, whoa ohh ohh

Step two, to the left and the right
It's a sorry little dance
But for now it's alright
Cause all these people that I meet
They are all just like me
They all hide out in darkned places
Where they cannot be seen
I need some time, I need some space
I need a night I can deface
I need a story and a name
Cause my days are the same

Don't say a word, whoa ohh ohh.
Whoa ohh ohh, whoa ohh ohh....

Tell me if I'm wrong and
I'll keep you in mind
I've made some mistakes
I can never rewind
I've got something else
That I need to release
I've got some excuses
That you'll never believe
Wait a minute, wait a minute
Put out your fires

You can't understand
What you always defy
I just need a girl
Who I never will know
Except in once sense of the word
While my true love's at home

Run away girl, run away girl
Never say, don't say a word
Don't say a word now
Run away girl, run away girl
Never say, don't say a word
Don't say a word now
Run away girl, run away girl
Never say, don't say a word
Don't say a word now
Run away girl, run away girl
Never say, don't say a word
Never say don't say a word
