I know exactly who you are
I know as far as you may go
But you're trying too hard
Yeah, you're trying too hard
And it shows

I know exactly what you want
At least I'm pretty sure I do
But you stay here with me
And there's so much more
You can do

I say now fast as you can go
You better get in your car
And you may not miss me
As you try as you can, girl
you've known it right from the start
Fast as you can go
This place is holding you back
And I'll help you pack your things
If you want me to
It's hard for me but you have-

I know exactly who I am
It's not exactly who I was
Yeah I made my mistakes and
I learned to live with my faults

I hear you're talking in your sleep
I see you staring at the door
If there is any chance
You should pick up now and just go
And just go

I say now fast as you can go
You better get in your car
And you may not miss me
As you try as you can, girl
You've known it right from the start
Fast as you can go
This place is holding you back

And I'll help you pack your things
If you want me to
It's hard for me but
You have the most to lose

I don't want to lose it all tonight
(Right now I feel it taking over)
And I think the same each time
I see the morning light
(Right now I feel it getting colder)
Well, I don't wanna lose it all tonight
I can't stand to see you go
But I won't let you stay

I don't want to lose it all tonight
(Right now I feel it taking over)
But the slightest thing can happen
Now and I may break
(Right now I feel it getting colder)
Well, I don't wanna lose it all tonight
Well, this may not be the worst mistake
That I will ever make

Get going fast as you can

Fast as you can go
You better get in your car
(Maybe you could be the only one)
And you may not miss me
As you try as you can, girl
You've known it right from the start
(maybe you could find out what you want)
Fast as you can go
This place is holding you back
And I'll help you pack your things
If you want me to
It's hard for me but
You have the most to lose
