I remember everything, and
I hope you haven't heard
how much trouble I got into
When I did that thing
There's no one else I told
I can keep a secret, yeah
But I can't help being true
when I'm unconscious and dreaming
And I'm lying next to you, yeah

Well I don't wanna tell
You all my misdeeds
You know I tend to talk
When I'm asleep

Did I say it out loud?
did you see all the signs?
did you wonder if
Something was not right?
Did I say it out loud?
Did you see all the signs?
did you wonder if
Something was not right?

Did you know it was me?
Did ya, did ya, did ya?
Did you know it was me?
Did ya, did ya, did ya?

Much as I hope I misread
What I overheard you say
when I listen at your window
Cause I saw his car
Was parked outside your place
I am not the jealous type
But I couldn't help it then
And it made such a sound
And you both got up
As I took off and ran, yeah

Well I don't wanna find

Out all your misdeeds
Who would have thought
That you had worse than me?

Did I say it out loud?
did you see all the signs?
did you wonder if
Something was not right?
Did I say it out loud?
Did you see all the signs?
did you wonder if
Something was not right?

Did you know it was me?
Did ya, did ya, did ya?
(I've been wrong)
Did you know it was me?
(I've been wrong)
Did ya, did ya, did ya?

Did you know it was me
Who heard you saying
Did you know it was me
Who heard you saying
"I don't need this"
"I don't need this"

Well I don't wanna tell
You all my misdeeds
You know I tend to talk
When I'm asleep

Did I say it out loud?
did you see all the signs?
did you wonder if
Something was not right?
Did I say it out loud?
Did you see all the signs?
did you wonder if
Something was not right?

Did you know it was me
(Ahh yeah. Ahh yeah)
Did you know it was me
Who heard you saying
"I don't need this"
"I don't need this"
