Take a deep breath
Try and relax
Clear out your head
And take a few steps back
And even now
The stillness gets the best of me

B-b-but I tend to rush
Come on too strong
Given you reasons
Not to take my calls
But I will be here
If you change your mind
there's no pressure
Take your time, yeah

Take your time
That's alright
Maybe I'll wait for you
Take your time
That's alright (if you just wanna take your time)
And if you wanna take your time
I'll be fine
I'm used to standing by
Take your time, that's alright
That's alright

You disappeared
Without a trace,
then from across the room
I see your face
Though I've been here
No one can wait forever now.

D-d-d-didn't you know
When we're not in touch,
I get impatient when I think too much.
But if you can wait
In just a few months, I'll be back
So don't give up, yeah

Take your time
That's alright
Maybe I'll wait for you
Take your time
That's alright (if you just wanna take your time)
And if you wanna take your time
I'll be fine
I'm used to standing by
Take your time, that's alright
That's alright

D-d-d-didn't you know?
D-d-d-didn't you know?

I was thinking of you
I was thinking of me
I was thinking of
Everything we've seen
And it all goes so fast
And it all goes so fast
Don't you know that it all goes fast now?
I would slow it all down
But it cannot be done
Yeah the numbers won't stop for anyone
And it all goes so fast
And it all goes so fast
And if you wanna

Take your time
That's alright
Maybe I'll wait for you
Take your time
That's alright (if you just wanna take your time)
And if you wanna take your time
I'll be fine
I'm used to standing by
Take your time, that's alright
That's alright
