Had a sweet little girl, I lose my baby, boy, ain't that
bad
Had a sweet little girl, I lose my baby, boy, ain't that
bad
You can't spend what you ain't got
You can't lose some little girl you ain't never had
Had money in the bank, I got busted, people ain't that
bad
Had money in the bank, I got busted, people ain't that
bad
You can't spend what you ain't got
You can't lose some little girl you ain't never had
Ain't that the truth boys
Had money in the bank, I got busted, people ain't that
bad
Had money in the bank, I got busted, people ain't that
bad
You can't spend what you ain't got
You can't lose some little girl you ain't never had
Had a sweet little home, it got burned down
People ain't that bad, my own fault, people ain't that
bad
Well, you know you can't spend what you ain't got
You can't lose some blues you ain't never had
Have mercy!
Sweet little home, got burned down, people ain't that
bad
Yeah, you know I had a sweet little home, it got burned
down
People ain't that bad
Whoa, you know you can't spend what you ain't got
You can't lose some little girl you ain't never had
