You lift me up, you bring me down
I twist and urn, you spin me around
Oh you got me

You take me high when I am low
You give me space and room to grow
Oh, you got me

I can't stop thinking about you
The things you say the things that you do
As long as I live I'll be there for you
I've no doubt 'cause our love is true

Yo-de-layee, yo-de-layee

You hold me near when I'm away
And every night ad every day
Oh, I want you

Without you there, the sun don't shine
The stars don't glow and nothing rhymes
Oh, I want you

I can't stop thinking about you
The things you say the things that you do
as long as I live I'll be there for
I've no doubt 'cause our love is true x2

You give me a reason to survive
You wake me up I feel alive
Oh, you got me

I can't sit still, can't concentrate
I need you so I just can't wait
Oh, you got me

I can't stop thinking about you
The things you say the things that you do
As long as I live I'll be there for you
I've no doubts 'cuase our love is true x3

I can't stop thinking about you
The things you say
The things that you do
