What a difference a day makes
There's a change in the weather
One minute it was stormy
Now the sun shines forever

I dream of a new world
A change is gonna come again
Yesterday I hadn't met you
Now, will it ever be the same (Be the same?)

Keep on banging the drum
Keep on singing the song
That's what we're gonna do, yeah
And the rhythm goes on
Keeps moving along
To the sound of you

I used to be lonely
And I never felt right
Now you put a spell on me
And I feel so good inside

I'm without an alibi
Arrested by your smile
I don't want to say goodbye
I just want you to stay awhile (Stay awhile)

Keep on banging the drum
Keep singing the song
that's what we're gonna do, yeah
And the rhythm goes on
Keeps moving along
To the sound of you

I'm trying to be something that you wanna hold
When you're in need
I'm trying to be something who is always there
Always there for you

Keep on banging the drum
Keep singing the song

That's what we're gonna do, yeah
And the rhythm goes on
Keeps moving along
To the sound of you...
