They'll talk about it after dinner
over after dinner drinks
the tie it to the car's antenna
and pray the sinking feeling shrinks
if they make it to see monkey time
this difficult without a spine
like the yellow bellied jelly fish
they'll try to sneak back into line
erase it from all recall
clear it like the dinner plates
it was autumn was if ever fall
could you tell me what this illustrates
you know me-I'm sugar free
they'll raise it or they'll post it
while they're lowering the boom
to paraphrase you're getting closer
meet me in the dining room
I'll try going easy on you
and try not to leave a scar
oh all right I'm sorry
but not as sorry as you are
erase it from all recall
clear it like the dinner plates
it was autumn was it ever fall
could you tell me what this illustrates
it's the candy-coated soft shoe
in the land of sponge cake men
that whine and dine on ginger bread
then they're passed out in the den
erase it from all recall
clear it like the dinner plates
it was autumn was it ever fall
could you tell me what this illustrates...
