Silly little man it seems you've had
A big idea in your head to come and conquer me
Well I don't mean to go and wreck your day
But you better turn and run away
Or there will be a big, big price to pay
Cause I am the one you should fear the most
Cause I am the one who will take you down
And as long as I exist
There's hope for the world
Hope for the world
Hope for the world
Hope for the world
Hope for the world
So the battlefield lights your way
It's what you want well then ok
Prepare to disappear
I'm gonna crush you down till your so small
That a mouse will seem like stories tall
It's what you want
Goodbye
Cause I am the one you should fear the most
Yes I am the one who will bring you down
And as long as I exist
There's hope for the world
Hope for the world
Hope for the world
Hope for the world
Hope for the world
Never a time
I fall apart
I must be strong
Cause the winners win
The losers lose
Choose your sides
It's your move
And I am the one you should fear the most
Cause I am the one who will bring you down
And as long as I exist there's hope for the world
Hope for the world
Hope for the world
Hope for the world

Hope for the world
Hope for the world
Hope for the world
Hope for the world
Hope for the world
