I can't say the words  
I feel inside so deep  
Cause when the clouds come out  
I feel so incomplete

I know the sun shines down on me  
I see it now  
The rain won't get to me  
I just wanna live my life the way it's meant to be

I don't wanna leave  
But it's my destiny  
I will wrap my arms around the world  
You'll see  
That I am not a child  
Cause I'm standing taller this time  
Take it step by step,  
Do my best, that's right  
But I will never say goodbye.

For so long now  
I've been dreaming in the dark  
I was too scared to feel  
The things held in my heart

Don't you know this is meant to be  
I'll let it out  
Cause it's getting hard to breathe  
I just wanna live my life the way it's meant to be

I don't wanna leave  
But it's my destiny  
I will wrap my arms around the world  
You'll see  
That I am not a child  
Cause I'm standing taller this time  
Take it step by step,  
Do my best, that's right

I don't wanna leave  
I don't wanna leave

But it's my destiny

I'll never say goodbye

Never

I don't wanna leave

But I'm standing taller this time

Take it step by step,

Do my best, that's right

But I will never say goodbye.
