Shawty got me sprung, sumn' 'bout her inner  
Didn't wanna fall, but shawty is a winner  
And when it's freezing,  
I know she won't change with the season  
I love her for a reason  
Says she breathes cause of me  
But what happens to the breeze through my leaves  
when she leaves then  
Come fly with me, who you tryna be  
Just spend some time with me, sonically  
Is this on, she already know, that'll be the bond  
Tear in her eye that'll be the song  
Pick her out the line like that'll be the one

She says she like me cause I'm different, I'm different,  
wooh  
I'm different, I'm different  
She says she like me cause I'm different, I'm different,  
wooh  
I'm different, I'm different  
I'm different

So why am I not answering her call?  
So why am I not answering her call?  
(I swear we so special)  
So why am I not answering her call?  
(I swear we so special, way too early and)  
I don't wanna tell her she's the one

Shawty's number one, no one comes in second  
Struck me with her charm, I was like let's just forget  
them  
And you know they, try to mess up the image  
Thank God you get the picture  
You special, I'm different, just let me stand out with ya  
She the point of it all, don't you hate it when the truth is  
a cliché,  
And no matter what we say, we always under-stairs  
So I ask her, is you lookin for a beautiful disaster  
Cause I can't figure out what you after  
I just can't figure out what you after, what you after

She says she like me cause I'm different, I'm different,  
wooh  
I'm different, I'm different  
She says she like me cause I'm different, I'm different,  
wooh  
I'm different, I'm different  
I'm different

So why am I not answering her call?  
So why am I not answering her call?  
(I swear we so special)  
So why am I not answering her call?  
(I swear we so special, way too early and)  
I don't wanna tell her she's the one

You can call me whatever as long as you gon' call me  
You can call me whatever as long as you gon' call me  
(As long as you keep calling me, girl)  
You can call me whatever as long as you gon' call me  
(It's whatever with me)  
You can call me, call me, call me, call me, call me

So why am I not answering her call?  
So why am I not answering her call?  
(I swear we so special)  
So why am I not answering her call?  
(I swear we so special, way too early and)  
I don't wanna tell her she's the one
