I see the river's running
like a bloody fountain to the sea
I hear the mob is coming,
they come running after me
I feel my heart starts pumping
as they start hunting
looking out for me and I see
a thousand wasted,
graceless, faceless enemies
enimies

I think you got me wrong
could you listen to what I say
I'm already down
but it doesn't count anyway
I think yoy really got me wrong
I'm not the one how is to blame
I'm already down
but it doesn't count anyway

I see the moon is fading,
the light stops changing
as I flee
I fear that I can't make it,
my will is breaking
and I fall on my knees
I feel the earth is shaking,
the ground starts quaking
suddenly
And I see a thousand wasted,
graceless, faceless enemies
enimies

I think you got me wrong
could you listen to what I say
I'm already down
but it doesn't count anyway
I think yoy really got me wrong
I'm not the one how is to blame
I'm already down
but it doesn't count anyway

Nothing left to fear
free from all up here

I think you got me wrong
could you listen to what I say
I'm already down
but it doesn't count anyway
I think yoy really got me wrong
I'm not the one how is to blame
I'm already down
but it doesn't count anyway

I think yoy really got me wrong
I'm already down
I think yoy really got me wrong
I'm already down
