her clothes were soaked with mildew
ropes burned their way through her fragile, thin wrists
i stood over her, watching to see if she was going to
live or die
i remember her screaming and scratching at my arms
while i was tying her wrists behind her back
she was kicking her legs up and down in my direction,
trying to prevent me from knotting the ropes
"stop crying," i screamed in her face
"you took me for granted this time...
how could you have done this to me?" i said as i
punched the ground beside her until fists were bloody
and sore
"honey, this could have been different if you had
wanted it to be..." i gently whispered in her ear
"i don't care what you want anymore...
...this is what i want now"
don't offer me anything; you will be wasting your
breath
