Is there a greater love than this?  
You came from heaven to walk in our midst  
And for my sin You were condemned,  
You died that I might live

No other love is greater  
No other love is stronger  
This is a love so free it captures me, Jesus  
I need no other love  
I need no other love

I was a orphan lost and alone  
Till You came to find me and bring me home  
You took my shame and gave me Your name  
You saved me and made me Your own

No other love is greater  
No other love is stronger  
This is a love so free it captures me, Jesus  
I need no other love  
I need no other love

Open my eyes  
Open my eyes to see  
How high, how deep, how wide  
Open my eyes  
Open my eyes to see  
How high, how deep, how wide is Your love

I need no other love  
I need no other love  
No other love is greater, no other love is stronger  
This is a love so free it captures me, Jesus  
I need no other love  
I need no other love
