Just take a break from the real world
And I'll show you your dreams
And don't get worried if things get crazy
Cause nothing's what it seems
Yeah, things are never what they seem

And I will take you out tonight
Show you a good time, cause it's alright
And the city's screaming and no we're not dreaming
Cause this is what it's like
Yeah, you know how I do, hey girl
You know I less than three you

Just let your heart take control of the wheel
We'll do it right cause it feels so real
I won't let you down, I won't let you fall
Cause we don't have a god damn care at all

And I will take you out tonight
Show you a good time cause it's alright
And the city's screaming and no we're not dreaming
Cause this is what it's like
Yeah, you know how I do hey girl
You know I less than three you

It's a long way to reality baby
But when you're with me it seems so easy
It's a long way to reality baby
But when you're with me it seems so easy
It's a long way to reality baby
But when you're with me it seems so easy
It's a long way to reality baby
But when you're with me it seems so easy

And I will take you out tonight
Show you a good time cause it's alright
And the city's screaming and no we're not dreaming
Cause this is what it's like
And I will take you out tonight
Show you a good time cause it's alright
And the city's screaming and no we're not dreaming

Cause this is what it's like
Yeah, you know how I do, hey girl
You know I less than three you
