All God's creatures got a place in the choir  
Some sing low, some sing higher  
Some sing out loud on the telephone wire  
And some just clap their hands or paws or anything  
they got now

You got to listen to the bass, the one on the bottomus  
The bullfrog croaks and the hippopotamus  
Moans and groans with a big to-do  
The old cow just goes moo

The dogs and the cats are gonna take up the middle  
Where the honeybee hums and the crickets fiddle  
The donkey brays and the pony neighs  
And the old man dingo howls

All God's creatures got a place in the choir  
Some sing low, some sing higher  
Some sing out loud on the telephone wire  
And some just clap their hands or paws or anything  
they got now

Listen to the top where the little birds sing  
On the melody with the high notes ringing  
The hoot owl hollers over everything  
And the magpie disagrees

Singing in the night time, singing in the day  
The little duck quacks and he's on his way  
The possum ain't got much to say  
The porcupine talks to himself

All God's creatures got a place in the choir  
Some sing low, some sing higher  
Some sing out loud on the telephone wire  
And some just clap their hands or paws or anything  
they got now

It's a simple song, a living song everywhere  
With the fox and the ox and the grizzly bear  
The grumpy alligator and the hawk above

The sly raccoon and the turtle dove

All God's creatures got a place in the choir (a place in the choir)  
Some sing low, some sing higher (some sing out loud)  
Some sing out loud on the telephone wire  
And some just clap their hands or paws or anything they got now

All God's creatures got a place in the choir  
Some sing low, some sing higher  
Some sing out loud on the telephone wire  
And some just clap their hands or paws or flippers  
Or their mittens or their tails or the beaks  
Or their fins or their legs or their elbows  
Connected to their arm bone  
The arm bone's connected to the shoulder bone  
Shoulder bone's connected to the neck bone  
Neck bone's connected to the [fade]
