The day will come, you cannot run
White hot clouds fill the sky
See the red flare, blasting hot air
There's no place left to hide

Blinding our eyes as the sun turns to black
A world full of hatred and fear
All are committed, there's no going back
There'll be no one left to hear

Shock, there's no relief
Shock, no one will ever know why
Shock

Shock, panic won't cease
Shock, time to say our last goodbye
Shock

Aftershock, humanity's loss
Aftershock, all is destroyed
Aftershock, have no remorse
Aftershock, oh into the void

Never again we cannot depend
On leaders who see things so blind
Time will not lend, and never amend
A lesson for all of mankind

Shock, there's no relief
Shock, no one will ever know why
Shock

Shock, oh panic won't cease
Shock, time to say our last goodbye
Shock

Aftershock, humanity's loss
Aftershock, all is destroyed
Aftershock, have no remorse
Aftershock, oh into the void

Hey hey hey

Hey hey hey

Blinding our eyes as the sun turns to black
A world full of hatred and fear
All are committed, there's no going back
There'll be no one left to hear

Shock, there's no relief
Shock, no one will ever know why
Shock

Shock, panic won't cease
Shock, time to say our last goodbye
Shock

Aftershock, humanity's loss
Aftershock, all is destroyed
Aftershock, have no remorse
Aftershock, oh into the void

Aftershock, oh
Aftershock
Aftershock

Shock, shock, shock
Shock, shock, shock
