Hard case, fist full of brass
Double barrelled pistons and a tank full of gas
He's a heavyweight, enforcer inside
Like a man in the chair he's gonna go for a ride

Break him, take him down
Squeeze him, watch him drown

Against lightning, the wind from his sails
Take on a man who's harder than a coffin nail
Priceless, the look on his face
If you look real close you can see the expiration date

Break him, take him down
Squeeze him, watch him drown
Black Dahlia's in my head

Ice veined, thousand yard stare
Breaking a man is like hunting for bear
And I'm loaded, setting the trap
Tighten the noose and bust a rat with my sap

Break him, take him down
Squeeze him, watch him drown
Black Dahlia's in my head

Black Dahlia's in my head
Confession's good for the soul
Black Dahlia's in my head
In this hunt I walk alone
