Yo G money, this ciao here
Ringing you from the fucking Cadillac Rock Box here
I suspect some mighty fine groovin' on this record here
And eh, shit, I have to call you tomorrow
Alright brother, rock on

Oh, it feels so good to be here
Ass bet broke and I don't care
Yeah, so good to be clear, I can testify

Listen, I can't fake an attraction to it
Magnetic, it pulls so hard
When two powerful forces collide and break down
Inside and break out at the speed of sound
Locked and loaded I can't hold it

Pick 'em up, set 'em up, watch it all go down
Oh yeah, driving in my Cadillac Rock Box, Rock box

I am so alive, I learned how to let it go
And on the day that I'll die I'll have no fear

Listen, I can't fake an attraction to it
Magnetic, it pulls so hard
When two powerful forces collide and break down
Inside, and break out at the speed of sound
Locked and loaded I can't hold it

Pick 'em up, set 'em up, watch it all go down
Oh yeah, driving in my Cadillac Rock Box, Rock box

Stick 'em up, get 'em up, drop it and throw down
Oh yeah, hangin' in my Cadillac Rock Box, oh yeah

Pick 'em up, set 'em up, watch it all go down
Oh yeah, driving in my Cadillac Rock Box, Rock box

Fill 'em up, shoot 'em up, sit before you fall down
Oh yeah, bury me in my Cadillac Rock Box
Rock, rock, box
