Intro:

City authorities in north Italy
Have reported that the bodies of the dead
Are rising from the graves
And attacking the living

When did this begin?
This curse is only sin
Reality is bleeding at the core
Brilliant savagery
Decapitate and bleed
Off the spoiled seed
Til it's pure

Their darkest evil nightmare fuck it, then their evil
souls
You gotta fight 'em
I'll end you
Can't save us brains that want to feed so won't you
feed the force?
You gotta fight 'em
I'll end you
The murder in your eyes is just a wound to stay alive
You gotta fight 'em
I'll end you
Cause there's no humanity when the dead come back
to feed
You gotta fight 'em
Fight 'em

In the end of everything
Dead will rise and sing
Fight 'em 'til you can't
Fight no more
The world is only blood
When rage becomes your love
Fight 'em 'til you can't
Fight no more

I will end you
Kill and kill the thing

It's mind-shattering
When murder is the only cure
Brilliant savagery
Decapitate and bleed
Off the spoiled seed
Til it's pure

Their darkest evil nightmare fuck it, then their evil
souls
You gotta fight 'em
I'll end you
Can't save us brains that want to feed so won't you
feed the force?
You gotta fight 'em
I'll end you
The murder in your eyes is just a wound to stay alive
You gotta fight 'em
I'll end you
Cause there's no humanity when the dead come back
to feed
You gotta fight 'em
Fight 'em

In the end of everything
Dead will rise and sing
Fight 'em 'til you can't
Fight no more
The world is only blood
When rage becomes your love
Fight 'em 'til you can't
Fight no more
No more
No more
No more

Their darkest evil nightmare fuck it, then their evil

You gotta fight 'em
I'll end you
Can't save us brains that want to feed so won't you

You gotta fight 'em
I'll end you

You gotta fight 'em

Dead will rise and sing
Fight 'em 'til you can't
Fight no more
The world is only blood
When rage becomes your love
Fight 'em 'til you can't
Fight no more
In the end of everything
Dead will rise, rise and sing
Fight 'em 'til you can't
Fight no more
The world is left with only blood
Rage becomes your only love
Fight 'em 'til you can't
Fight no more
No more
No more
No more
