Recorded during the Stomp 442 sessions.

It's not that I hate people
I just feel better when they're not around
It's not that I hate your world
Keep pushing me and I'll stand my ground

It's not that I hate you,
You'd have to kill me to take me down

Push me again
Push me again

Find satisfaction on the island where I live
'Cause Zombies only take
They don't have any life to give
It's never been, will never be a picnic
So step right up and pull your fuckin' reign again
Slackety-slack, lack of inspiration
Be the voice of a new generation

This is me
Past the point of caring
This is me
Push me but I wont go Down
Down
Down
Down

I don't need a license
I know the drill

I hope you have a happy
A happy fuckin' day
La-La-La-muse yourself
I wont get in the way
I just can't stand your apathetic motion
As if you care showing your devotion
Kicking and screaming,
Kicking that 'till I meant it,

If I was dead I couldn't be more over it

Over and over
And you want to talk about it
Over and over
You try to keep me down
This is me
Past the point of caring
This is me
Push me but I wont go Down
Down
Down
Down

I don't need a license
I know the drill
Question my silence
Outlast it will

Outlast it

We'll Outlast it

I don't need a license
I know the drill
Question my silence
Outlast it will x2

Outlast it
Outlast it
Outlast it!
