I can hear you, I can hear you, lying
I can see you, I can see you, faking
I don't think you're, I don't think you're working
I want you to, I want you to
I want you to, I want you to

Write for me, and only me
A really extra special story
Make it mine, every line
Don't make me sorry

It's what I want, it's what I want
And I'll tell you what
You know me, and I can be
A very, very vicious critic

Another fan's appreciation
A do be, don't be situation
Drag me down into your hatred

Misery loves company
I'm your number one fan
Misery loves company
Misery, misery loves company
I'm your number one fan

Misery loves company
Misery loves company
Misery loves company
Misery loves company
Die with me

I'll take good care, I'll take great care of you
Listen to me, listen to me you fool
Body and soul, you're more
I want you to, I want you to
I want you to

Write for me, and only me
A really extra special story
make it mine, every line
Don't make me sorry

It's what I want, it's what I want
And I'll tell you what

You know me, and I'll show you
How to keep your filthy mouth shut
Another fan's appreciation
A do be, don't be situation
Drag me down into your hatred

Misery loves company
I'm your number one fan
Misery loves company
Misery, misery loves company
I'm your number one fan

Misery loves company
Misery loves company
Misery loves company
Misery loves company
Die with me

Take, take, take, take
Another pound of my flesh
I'm givin' blood
You, you, you, you, should only have the best
I'm givin' blood

What the hell is, what the hell is happening?
I'm the one that make you into the king
Don't turn your back on, turn your back on, my help
I'll kill you, I'll kill you, I will
I'll kill you, I'll kill you, I'll kill

Write for me and only me
A really extra special story
Make it mine, every line
Don't make me sorry
It's what I want, it's what I want

And I'll tell you what
You know me and I can be
A very, very vicious critic

Another fan's appreciation
A do-be, don't-be situation
Drag me down into your hatred

Misery loves company
I'm your number one fan
Misery loves company
Misery, misery loves company

I'm your number one fan

Misery loves company

Misery loves company

Misery loves company

Misery loves company
