It was a day to remember
Twice as hard as long
That was the day that I convinced myself
That I found my God

I tip my cap and I step up
I fix myself to the right
I move right into the firing zone and scream
Drink, fuck or fight

It's just a matter of respect
Or is that something I missed
This ain't no peace train that you're jumping on
So shake my hand and shake it strong

Everybody come along
Am I long, am I strong
Am I, everybody come along
Am I long, am I strong
Am I, everybody come along

Sometimes I can't stop the shaking
At least I know I'm not dead
I don't remember whose blood this is
I've got a hammer inside my head

I get put up, I get put down
And I don't even try
I've burned a bridge, I've burned a whole town
'Cause I'm mother fuckin' fortified

I tell the truth or just gilded lie
And then I charge like a bull with his balls tied
This ain't no peace train that you're jumping on
So shake my hand and shake it strong

Everybody come along
Am I long, am I strong
Am I, everybody come along
Am I long, am I strong
Am I, everybody come along

A heavy dose of reality
With a side of piss and vinegar
A free drink at the bar and you'll take it

So shake my hand and shake it strong
And everybody come along
Am I long, am I strong
Am I, everybody come along
Am I long, am I strong
Am I, everybody come along

A heavy dose of reality
With a side of piss and vinegar
A swift kick in the ass and you'll te-te-te-te-take it
Te-te-te-te-take it
