Daddy G

Trendy wendys you know what i mean  
Hangin' around with girl who's rolling up her jeans  
She watches her street cred 'cause she's no dummy  
Saw rockin the microphone and now she's calling me a  
honey  
Says I know what I want don't move with thugs  
We're house parties hip hop and smoking drugs  
And whoever's been the boss she's down with 'em  
She's always on time 'cause the girl got rhythm  
To avoid all complications i'll give some information  
About a certain location under Paddington Station  
'Cause when I host my show-a I avoid the girl called lola  
Who's more pu-pu-public than the drink they call it coca  
cola  
I'm just practice posing face is shaded in black  
Is dominating as my color the massive attack  
Right now i hit it kick it flow smooth hit middle wicket

Tricky

I take a small step now it's a giant stride  
People say I'm loud why should I hide  
Only had a small taste so what a waste  
I quietly observe though it's not my space  
Bottom end's heavy you know we're never even  
People call me Tricky for particular reason  
I've got you see and I've got to let you know  
See we're rockin' in your area rock beneath your  
balcony  
My baby just cares for me well that's funny  
Her touch tickles especially on my tummy

Daddy G

Now who's got the microphone

Tricky

Now who's honey

Daddy G

A turbo turbo and chant with a charge  
Addy, Daddy G wild bunch crew at large  
Don't call me an officer just call me a sarge  
Mashing up the country planning also abroad  
Plan to go to America when I get a visa card

Tricky

But gettin' a visa card nowadays isn't hard

Daddy G

So keep your ears glued listen to every chord  
Tokyo city's one place that we toured  
Four technic plus two mixer board  
Sharper than a Wilkinson razor sword

3D

When I was a child I played subbuteo on  
My table then I graduate to studio one  
'Cos D's my nom de plume you know but 3's my  
pseudonym  
And around my neck you know I wear the sony budokan  
Indigo blues you got me in my own shoes  
The people dancing in the shape for what they make  
They can't lose  
Yes waxing lyrical but this time it's not satirical  
It's kinda spherical so jam me in a ???  
This is the miracle of the dubplate dub selection

Daddy G

So whether you're black white or half-caste in your  
complexion

3D

Yes pull out your phono plug and tuck you in your  
phony  
It's started by marconi resumed by sony  
A summary by wireless history and only  
The massive attack ??? explosione

Horace Andy

Get away with you gangsters  
We don't want it  
Get away with you gangsters

We don't like it  
Eternal love eternal love  
Money money money  
Root of all evil  
Money money money  
Root of all evil
