Daddy G
Trendy windy you know what i mean
Hangin around with girl who's rolling up her jeans
She watches her street crack cause she's no dummy
Through rockin the microphone and she's calling me
honey
Says i know what i want don't move with thugs
Well house parties hip hop and smoking drugs
And whoever's been the boss she's down with 'em
She's always on time cause the girl got rhythm
To avoid a complication i'll give some information
About a certain occasion under a ???
'Cause when I host my show-a i avoid the girl called lola
Who's more pu-pu-public than the drink they call it coca
cola
I'm just practice posing face is shaded in black
Is dominating as my color the massive attack
Right now i hit it kick it flow smooth hit little wicked
Tricky
I take a small step now it's a giant stride
People say I'm loud why should I hide
Only had a small taste so what a waste
I quietly observe though it's not my space
Bottom ends heavy you know we're never even
People call me Tricky for particular reason
I've got you see and i've got to let you know
See we're rockin' in your area rock beneath your
balcony
My baby just cares for me well that's funny
Her touch tickles especially on my tummy
Daddy G
Now who's got the microphone
Tricky
Now who's honey
Daddy G
??? turbo turbo and charge with a charge
I be daddy g wild bunch crew at large
Don't call a officer just call me a sarge
Mashing up the country and also abroad

Plan to go to america when i get a visa card
Tricky
But gettin a visa card nowadays isn't hard
Daddy G
So keep your ears glued listen to every ???-ac
