Tricky:

I stand firm for a soil  
I lick a rock off foil  
So reduce me, seduce me,  
Dress me up in StÃ¼ssy.  
Hell is round the corner where I shelter.  
Isms and schisms, we're living on a skelter  
If you believe I'll deceive common sense says you are  
thief  
Let me take you down the corridors of my life.

Tricky and Martina:

And when you walk, do you walk to your preference  
No need to answer 'till...

Tricky:

I take further evidence.  
I seem to need a reference to get residence  
A reference to your preference to say,  
I'm a good neighbour, I trudge,  
So judge me for my labour,  
Lobotomy ensures my good behavior  
The constant struggle ensures my insanity.  
Passing the indifference ensures the struggle for my  
family  
We're hungry, beware of our appetite.  
Distant drums bring the news of a kill tonight.  
The kill which I share with my passengers.  
We take our fill, take our fill, take a feel.

I stand firm for a soil  
I lick a rock off foil  
So reduce me, seduce me,  
Dress me up in StÃ¼ssy.  
Confused by different memories,  
Details of Asian remedies  
Conversations, of what's become of enemies.  
My brain thinks bomb-like,  
So I listen he's a calm type.  
As I grow  
And as I grow, I grow collective.

Before the move sit on the perspective.  
Mr. Quail's in the crevice  
And watches from the precipice.  
Imperial passage.  
Heat from the sun someday slowly passes,  
Until then, you have to live with yourself  
Until then, you have to live with yourself  
I stand firm for a soil  
Lick a rock off foil  
So reducee me, seduce me,  
Dress me up in StÃ¼ssy.

Martina :  
Hell is round the corner where I shelter.  
Isms and schisms, we're living a skelter  
If you believe I'll deceive and common sense says you  
are the thief  
Let me take you down the corridors.

Tricky :  
My brain thinks bomb-like, bomb-like  
My brain thinks bomb-like, bomb-like, bomb-like  
My brain thinks bomb-like,  
Beware of our appetite
