And if the honeys think I'm stuck up, I tell 'em shut the
fuck up X2

All that she meant was good X2

Give her some time, give her some room.

All that she meant was good.

Better keep your mouth shut, babe,

Next to your chest,

Better keep your mouth closed baby,

And keep it close to your chest,

Better keep your mouth closed baby

Keep it close to your chest.

Better keep your mouth closed baby

Keep it close to your chest.

All that she meant

Not goin down that road

Was good.

Not goin down that road X4

All that she meant was good

Better, better, better keep your mouth shut, babe,

Give her some time,

Keep it close to your chest.

give her some space.

Not goin down that road

All that she meant was good.

Not goin down that road

Better keep your mouth closed baby

Better keep your mouth shut, babe,

And keep it close to your chest,

Better keep your mouth shut, babe,

And keep it close to

How she reacted was right.

Mother I'm hungry, mother I'm hungry.

Father will you feed me (x2)

Mother I'm hungry, father will you feed me. (x3)

How you reacted was right.

Father will you feed me

How you reacted was right.

Not goin' down that road X3

Give her some time, give her some space.

Not goin' down that road X2

How you reacted was right, ooh ohh

Not goin' down that road X4
Mother I'm hungry, father will you feed me.
Not goin' down that road X2
Best to keep your mouth shut, baby,
And keep it close to your chest.
It's best to keep your mouth shut, baby,
And keep it close to your chest.
Not goin' down that road X2
Keep your mouth shut, baby.
