"Well I see it so much
I see it so much
I see it, I see it, yeah

Before you test, know what's going on
I've been around for long, my evil is strong
I lie awake and hate you
Maybe that's strong enough to make you
[Incomprehensible]

Before you test, know what's going on
I've been around for long, my evil is strong
I lie awake and hate you
Maybe that's strong enough to make something
happen

A car crash, make you pay with a weapon
A gun in your mouth, my voice in your mind

Before you test, know what's going on
I've been around for long, my evil is strong
I lie awake and hate you
Maybe that's enough to make you do something, make
it happen

A car crash, make you pay with a weapon
A gun in your mouth, my voice in your mind
Sleep and I'll find you
Put my mind to, am I strong enough?
Watch me rock a thousand stage

My funny valentine, I don't find you funny
Seaside, the Sony, the fame, the money
Who am I to say, do you wanna be?
No, I can't say it, my mouth is like a

Bitter, sweet and twisted, deceitful, rough and gifted
Even got God scared, even got God scared
Mend the things we did
Making children strong enough to take a life
Are you strong enough to take care of one?

I'm a work on it, pray on it, stay on it
I'm a work on it, pray on it and stay in it
I'm a work on it, pray on it and stay in it

Before you test, know what's going on
I've been around for long, my evil is strong
I lie awake and hate you
Maybe that's enough to make something happen

A car crash, make you pay with a weapon
A gun in your mouth, my voice in your mind
Sleep and I'll find you, put my mind to, am I strong
enough?
Watch me rock a 50,000 stage cannot tell me, do you
feel it?
Is this energy strong enough to work you like a blade?

I'm a work on it, pray on it, stay in it
I'm a work on it, pray on it, stay in it

My funny little valentine, I don't find you funny
Seaside, the Sony, the fame, the money
Who am I to say, do you wanna be?
No, I can't say it, my mouth is like a

Bitter, sweet and twisted, deceitful, rough and gifted
Even got god scared, mend the things we do
Making children strong enough to take a life
Are you strong enough to look after one?

I'm a work on it, pray on it, stay in it
I'm a work on it
I'm a work on it, pray on it and stay in it

My funny valentine, I don't find you very funny
Seaside, the Sony, the fame, the Money
Who am I to say? Still want to be?
No, I can't say it, my mouth is like a

Bitter, sweet and twisted, deceitful, rough and gifted
Even got God scared, even got God scared
Even God's, God's scared, mend the things we do
Making children strong enough to take a life
But are you strong enough to take care of one?

I'm a pray on it, stay in it and stay in it
I'm a work on it and pray on it, stay in it
I'm a work on it, pray on it and stay in it
